SM100 Series

LED Stereo Microscopes

Student Friendly Features

- Locked-on eyepieces and stage clips
- Slip-clutch system protects against over-focusing
- C-wrench gives user control of focus tension
- Built-in handle to encourage proper handling

Versatility

- Varying magnifications from which to choose
- Corded and cordless versions
- Reversible black/white and frosted stage plates included

Ease of Use

- Interlocked eyepiece tubes with diopter for increased focus acuity
- Eye shields used to reduce eye fatigue

LED Illumination

- Energy-efficient LED illumination provides bright, white light
- Variable top and bottom arm illumination with five light settings

Quality

- Quality manufacturing and all-metal internal parts ensure durability
- Swift Optical limited lifetime warranty*

SM101
